

TheKey.Company's

"Will it work on my keyboard?"

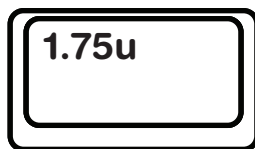

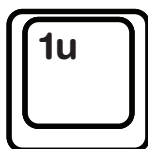

Cheat sheet!

Print out at 100% and you'll have a quick reference sheet for common keycap sizes.
You never know when you might need it!

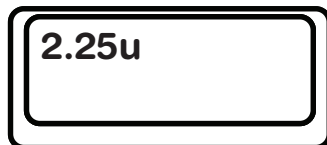

The 1.Xu Keycaps

These are for your alphas and some of your smaller modifiers.

The 2.Xu Keycaps

These are typically for your modifiers, or sometimes spacebars for you weirdos.

The Spacebars

'Nuff said. If you are using a board with a 6u space... good luck!
